Hi Cam,
A call has been placed to CBE Technologies to fix the printers. You will need to give them the PO number PCDPH5100C73100003753 for their invoice. I let them know that Tuesdays were preferable, and they have your contact information. Each printer has its own 4-digit reference number, and those are listed next to each unit below. If you have any questions, please call me.
Thanks,
Kristen
